## Strengths and Services

### Global Reach

Axiomtek maintains a global network of international subsidiaries and distributors in more than 40 countries. Our offices can be found in 16 locations across the globe.

### Go Green

As a global citizen, Axiomtek is committed to providing green products that are in compliance with WEEE and RoHS legislations. Our Environmental Management System (EMS) complies with ISO 14001 standards

### Worldwide Technical Support

With our customer-focus approach, we ensure that our support staff and resources are available in all regions worldwide to provide real-time, responsive and effective technical support to our customers no matter where you are.

### Quality Assurance

Axiomtek is a company with ISO 9001, ISO 14001, ISO 13485, and TUV certificates. Strict quality standards are maintained throughout our manufacturing processes to ensure that products endure rigorous quality checks at every stage during the production.

### Partnership Program

As an Intel®, Microsoft®, AMD and NXP partner, Axiomtek has a strong awareness of market trends and can rapidly develop advanced applications that enhance the competitiveness of our customers

### Customized Service

Our creative concept of integrated services for embedded computing assures trusted delivery and valuable system integration from board-level design-in to system-level design for vertical markets in automation, transportation and much more.

## Company Resources

Founded in 1990, Axiomtek is a leading design and manufacturing company in the industrial computer and embedded field. Since our inception, Axiomtek has successfully gained worldwide recognition for our innovative designs and outstanding customer satisfaction. Our commitment to corporate social responsibilities is evident in our work environment as well as through our employee work ethics. We take pride and ownership in what we do through our commitment for excellence in quality and customer support.

### Corporate Profile

Established: May 1990  
Chairman & CEO: YT Yang  
Capital: \$27 million (USD)  
Facility Space: 17,095m<sup>2</sup> (HQ)  
Employees: 675  
(including oversea employees: 167)

### Manufacturing Capability

#### Manufacturing Capability & System Assembly

- ShenZhen, China (2000 m<sup>2</sup>)
- Chassis design
- System assembly
- 2 assembly lines
- 1 full function test line
- 1 dynamic burning room
- 8,000-12,000 pieces system assembled per month

#### PCBA Manufacturing & System Assembly

- Taipei, Taiwan (7,919.7 m<sup>2</sup>)
- 4 SMT lines
- 2 PTH lines
- 3 assembly lines and 3 cell lines
- 40,000 (SBC)-60,000 (Pico-ITX) pieces PCBA per month
- 20,000 pieces systems assembled per month

### Sales Distribution

# About Axiomtek

## Innovation for the Embedded World

For over 27 years, Axiomtek has been an industry leader in the industrial and embedded computer field. Since its inception, the company has successfully gained worldwide recognition for its innovative designs and unparalleled customer satisfaction. As a valued partner, Axiomtek takes pride in designing and producing contemporary solutions to insure our customer's success. Our commitment to excellence is reflected in our product, our culture, and our values.

### VISION

To bring smart, innovative and sustainable embedded solutions to our connected world

### MISSION

Designs and manufactures embedded solutions for mission critical applications allowing our customers to bring superior products to their vertical markets

### VALUE SYSTEMS

#### Passion

We are passionate about our vision, our goals and our commitment to serve our employees and customers.

#### Integrity

We earn your trust through honest and ethical business practice.

#### Innovation

Our focus is on developing new products using the most advanced technologies and customer-based experiences.

#### Partnership

We commit to long-term mutual success with customers, employees and stockholders.

#### Leadership

Our goal is always to be the leader in our targeted markets.

#### Diversity

We strive to diversify our products and services to serve specific industry needs.

## Strategic Business Focus

### AUTOMATION

To be at the forefront of the automation industry with a comprehensive suite of industrial and embedded solutions embraced by customers seeking the highest level of reliability, trust, and confidence in extreme environmental and mission critical product.

### TRANSPORTATION

To offer exceptional value with end-to-end solutions targeting municipal rail, bus, heavy-duty vehicle and marine applications. We strive to deliver highly operational, low carbon footprint systems to generate compelling analytics for a better and safer transportation experience.

### DESIGN-IN SERVICE

To offer best-in-class, high interoperability and easy-to-deploy embedded platforms that support x86, ARM, FPGA and GPU architectures in the gaming, retail, cloud computing and network infrastructure markets, and also in volumes of OEM/OEM projects.

## Milestones
