

Profile

- Combined analog-digital position indicator
- Measured value acquisition based on the gravity principle
- High stability thanks to doubly supported pointer shaft
- Very robust, glass-fiber reinforced plastic housing
- Counter with 5 decades
- Special scales, also for small numbers of pieces
- Dustproof or oil-filled versions

Mechanical data

Feature	Technical data	Additional information
Housing	reinforced plastic	
Weight	0.2 kg	N, W design
	0.3 kg	P design

Handwheel HST11	www.siko-global.com
Handwheel KHB13	www.siko-global.com
Handwheel KHB15	www.siko-global.com

■ Ordering table

Feature	Ordering data	Spezifikation	Additional information
version	A N	dust-proof	

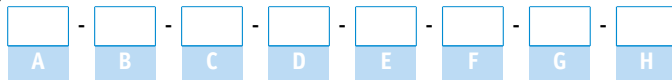

Analog position indicator SZ80/1

With additional digital counter

Feature	Ordering data	Spezifikation	Additional information
	P W	oil-filled waterproof	
indication after 1st revolution	B ...	2, 2/5, 3, 4, 5, 6, 8, 10, 15 others on request	
decimal place	C 0 1 2 3 4	0 = 00000 1 = 0000.0 2 = 000.00 3 = 00.000 4 = 0.0000	
Sense of rotation	D i e	clockwise ascending values counter-clockwise ascending values	
Pointer	E 1 0Z	1:1 running without pointer	
covering glass	F S A	plastic synthetic material, acetone-resistant	
scale	G N... VK...	normal scale special scale	with respect to display after 1st rotation customer-specific, no VK for first production
multi-color scale	H C1 C2 C3	1-colored 2-colored 3-colored
